## PEDIASURE® PARENTS share their stories

“ My son was a very picky eater. He ate very few vegetables, so we added PediaSure to make sure he was getting all of his nutrition. Every time we went to the doctor he was growing beautifully on the chart. I am very happy with the results. #Welovepediasure ”

— Kate D.

“ My daughter drinks both the Chocolate and the Strawberry flavor. She is 3 and has always been slender, so it makes me feel good giving her something with such great vitamins and ingredients in it to help her grow. ”

“ My stepson has some health issues. With these issues, he has trouble gaining weight. Since he's been drinking PediaSure, he has gained a healthy amount of weight! ”
